SKILLS

- **Programming Languages:** C#, JavaScript
- **Web Technologies:** ASP.NET, MVC, HTML5, CSS3
- **Front-End Frameworks:** Angular
- **Back-End Frameworks:** ASP.NET Core
- **Database Management:** SQL Server
- **Version Control:** Git
- **Development Tools:** Visual Studio, Visual Studio Code
- **Other Skills:** C, C++, Java and Basic DSA

EDUCATION

- **Masters in Computer Application**
  R.G Kedia College • 2021–2023 • 76%
- **Bachelor of Commerce with Computer**
  Sree Venkateswara Degree College • 2018–2021 • 86%
- **Intermediate in MEC**
  New Era Junior College • 2016–2018 • 74%
- **SSC**
  Lal Bahadur High School • 2004–2016 • 77%

CERTIFICATION

- **TCS** iON Career Edge - **Young Professional**
- Certification in **Data Structures and Algorithms** Fundamentals from **Simplilearn**.

HOBBIES & INTERESTS

- Crafting & Drawing
- Puzzle & mind games
- Cooking

EXPERIENCE

GOOGLE ACCOUNT ASSOCIATE • 2022 – 2023

- Managed and maintained Google accounts, ensuring compliance, data integrity, and confidentiality.
- Conducted credentialing processes, addressed client concerns, and provided timely solutions to uphold service standards.
- Analyzed data, generated reports, and recommended process improvements while adhering to strict security protocols.

PROJECTS

DYNAMIC AND PUBLIC AUDITING WITH FAIR ARBITRATION FOR CLOUD DATA

- Developed a cloud-based auditing system with dynamic data updates and secure dispute resolution using Java and MySQL.
- Implemented an index switcher for efficient data handling and a third-party arbitrator for fair dispute resolution between users and cloud service providers.
- Ensured secure file storage and auditing, with robust mechanisms to prevent misbehavior by both data owners and cloud service providers.

COMPLETE RESPONSIVE PORTFOLIO WEBSITE

- Developed a personal portfolio website to showcase skills, experience, and projects using HTML, CSS, JavaScript, and Bootstrap.
- Designed a clean and modern layout with sections for introduction, projects, skills, and contact information, ensuring easy navigation for visitors.
- Hosted on Netlify, the fully responsive site demonstrates proficiency in web development and ability to create a functional online presence.

EXPENSE TRACKER WEB APPLICATION

- Developed a web application for expense management using ASP.NET Core and Entity Framework, featuring a user-friendly interface with Bootstrap.
- Enabled users to add, edit, delete expense records, categorize expenses, and view detailed reports and analytics for better financial tracking.
- Enhanced user experience with Syncfusion components for advanced data visualization, demonstrating full-stack development skills.
